

TABLE OF CONTENTS

LIST OF TABLES	xi
LIST OF FIGURES	xv
EXECUTIVE SUMMARY AND HIGHLIGHTS	1
1. MARKET	13
1.1 Definition, scope and data sources	13
1.1.1 Definition and scope	13
1.1.2 Data sources	16
1.2 Impact of Covid-19 on operators	16
1.2.1 Financial impact	16
1.2.2 Other impacts of Covid	17
1.3 Market size	17
1.3.1 Care in residential settings	17
1.3.2 Service users	19
1.4 Market segmentation (market value, settings and service users)	20
1.4.1 Segmentation by primary client type	21
1.4.1.1 Overlapping client types	21
1.4.1.2 Limited data on further segmentation into client sub-groups	22
1.4.2 Segmentation by support setting	22
1.4.2.1 Balance between residential and non-residential settings	22
1.4.3 Segmentation by client type – learning disabilities	25
1.4.3.1 Care in residential settings – learning disabilities	27
1.4.3.2 Balance between residential and non-residential settings – learning disabilities	28
1.4.3.3 Service users – learning disabilities	28
1.4.4 Segmentation by client type – mental health needs	28
1.4.4.1 Care in residential settings – mental health needs	30
1.4.4.2 Balance between residential and non-residential settings – mental health needs	31
1.4.4.3 Service users – mental health needs	33
1.4.5 Segmentation by client type – physical disabilities and sensory impairments	33
1.4.5.1 Care in residential settings – physical disabilities and sensory impairments	34
1.4.5.2 Balance between residential and non-residential settings – physical disabilities and sensory impairments	35

1.4.5.3	Service users – physical disabilities and sensory impairments	37
1.4.6	Segmentation by client type – memory and cognition needs	37
1.4.7	Segmentation by client type – Acquired brain injury (ABI) rehabilitation	38
1.4.8	Segmentation by client type – substance misuse	39
1.5	Funding profile – by payor type	41
1.5.1	Commissioner or consumer driven market	41
1.5.2	Reasons for low level of private pay, and exceptions	43
1.5.3	Trends over time	44
1.6	Customer profiles	44
1.6.1	Demographic profile	44
1.6.2	Non-commodity like	44
1.6.3	Provider polarisation	44
1.6.4	Longevity and stickiness	44
1.7	Growth	45
1.7.1	Market value growth (historic)	45
1.7.1.1	Segmental analysis of recent growth trends	47
1.7.1.2	Segmental analysis of recent growth trends – by provider sector	48
1.7.2	Market volume growth (historic)	49
1.7.2.1	Residential settings	49
1.7.2.2	Residential care vs supported living – recent trends	50
1.7.2.3	Non-residential settings in general	51
1.7.3	Prospects for future growth	53
1.7.3.1	Public spending constraints	53
1.7.3.2	Residential care	53
1.7.3.2	Non-residential care	54
1.8	Demand drivers	54
1.8.1	Demography	55
1.8.2	Public attitudes	56
1.8.3	Consumer choice	56
1.8.4	Public funding	56
1.8.5	Outsourcing by statutory agencies	56
1.8.6	Supported living demand drivers	57
1.9	Demand and supply	57
1.9.1	Demand for adult specialist care in residential settings – historical perspective	57
1.9.2	Occupancy rates in adult specialist care homes	60

1.10	Further segmental information by broad client type	61
1.10.1	Learning disabilities	61
1.10.1.1	Underlying demand for learning disability services	61
1.10.1.2	Autistic spectrum disorders	63
1.10.1.3	Future projections of change in underlying demand	64
1.10.1.4	Market value trends – learning disabilities	64
1.10.1.5	Market value trends by funding source – learning disabilities	66
1.10.1.6	Market value trends by provider sector – learning disabilities	67
1.10.1.7	Market volume trends – learning disabilities	68
1.10.1.8	Prospects for future growth – learning disabilities	70
1.10.2	Mental health needs	74
1.10.2.1	Underlying demand	74
1.10.2.2	Future projections of change in underlying demand	75
1.10.2.3	Market value trends – mental health needs	75
1.10.2.4	Market value trends by funding source – mental health needs	75
1.10.2.5	Market value trends by provider sector – mental health needs	76
1.10.2.6	Market volume trends – mental health needs	79
1.10.2.7	Prospects for future growth – mental health needs	82
1.10.3	Physical disabilities and sensory impairments	82
1.10.3.1	Underlying demand	82
1.10.3.2	Future projections of change in underlying demand	82
1.10.3.3	Market value trends – physical disabilities and sensory impairments	83
1.10.3.4	Market value trends by funding source – physical disabilities and sensory impairments	84
1.10.3.5	Market value trends by provider sector – physical disabilities and sensory impairments	85
1.10.3.6	Market volume trends – physical disabilities and sensory impairments	85
1.10.3.7	Prospects for future growth – physical disabilities and sensory impairments	87
1.10.4	Acquired brain injury	89
1.10.4.1	Causes of ABI and underlying demand	89
1.10.4.2	Patient pathway	89
1.10.4.3	Occupancy rates – acquired brain injury	91

1.10.4.4	Market value trends – acquired brain injury	91
1.10.4.5	Market volume trends – acquired brain injury	93
1.10.4.6	Sources of funding – acquired brain injury	93
1.10.5	Substance misuse	93
1.10.5.1	Underlying demand for substance misuse services	94
1.10.5.2	Market value trends – substance misuse	95
1.10.5.3	Market volume trends – substance misuse	98
1.11	Key operational metrics	99
1.11.1	Prices	99
1.11.1.1	Care home fees	99
1.11.1.2	Fees for supported living	101
1.11.1.3	Price differentials between outsourced and local authority in-house services	101
1.11.2	Occupancy rates in registered care homes	103
1.11.3	Costs	103
1.11.3.1	Payroll	103
1.12	Operating models	104
1.12.1	Care homes	105
1.12.2	Supported living and homecare	106
1.12.2.1	Supported living in clustered settings and synergies with care homes	109
1.12.2.2	Risk of exposure to rental voids	109
1.12.2.3	Supported accommodation business model	110
1.13	Investment models	111
1.14	Performance measures	112
1.14.1	Financial	112
1.14.1.1	Adult specialist care homes	112
1.14.1.2	Supported living	113
1.14.2	Quality performance	114
1.14.2.1	CQC ratings	114
1.14.2.2	Incentives to perform well on CQC Fundamental Standards	117
1.14.2.3	Does size matter?	117
1.15	Supported accommodation – a parallel market	118
1.15.1	Market size	118
1.15.2	Market growth	118
1.15.3	Appetite for investment in supported accommodation	121
1.15.3.1	Civitas Social Housing plc	121

	1.15.3.2	Triple Point Social Housing REIT	122
	1.15.3.3	Other investors in supported housing freeholds	122
	1.15.3.4	Housing associations/RSLs acting as counterparties to supported housing REITS	123
2.	POLITICS AND REGULATION		125
2.1		Impact of government policy on the adult specialist care sector	125
2.2		Funding of publicly paid services	126
	2.2.1	General economic management	126
		2.2.1.1 Brexit and the social care staffing crisis	126
	2.2.2	Funding of social care	126
		2.2.2.1 A decade of austerity – not over yet	126
		2.2.2.2 The NHS and social care funding announcement in September 2021	128
		2.2.2.3 People at the Heart of Care – the adult social care reform white paper	130
		2.2.2.4 Expansion of supported housing and supported living – an exception to austerity	130
	2.2.3	Other government policies – high degree of cross-party consensus on non-funding issues	132
		2.2.3.1 Personalisation and self-directed care, Direct Payments and Personal Budgets	133
		2.2.3.2 Integration of health and social care	133
		2.2.3.3 Removal of legal barriers to health and social care integration in 1999	134
2.3		Regulation of adult social care provision	135
	2.3.1	Underpinning legislation in England – Health and Social Care Act 2008	135
	2.3.2	Fundamental Standards in England	136
	2.3.3	Scotland, Wales and Northern Ireland	137
	2.3.4	Scope of regulation – services covered not covered	137
		2.3.4.1 In England	137
		2.3.4.2 In Scotland and Wales	138
	2.3.5	History of last two decades – deregulation accompanied by tougher enforcement	139
		2.3.5.1 Replacement of National Minimum Standards with less prescriptive Essential Standards	139
		2.3.5.2 Fundamental Standards of Quality and Safety 2014–	139
		2.3.5.3 Risks to providers from breaches of regulations and Fundamental Standards	140
		2.3.5.4 Stronger enforcement powers	140

2.3.5.5	CQC market oversight regime – to ensure financial stability of hard to replace providers	140
2.3.6	CQC’s new strategy for regulation in England – fewer inspections and more focus on data	142
2.3.7	Scotland – rejection of simple rating system	142
2.3.8	Regulatory distinction between care homes and supported living	143
2.3.9	CQC’s six bed maximum guidance for homes for learning disabled people	143
2.3.10	Market shaping – councils’ duty to promote diversity and quality and to ensure market sustainability	144
2.4	Regulations affecting payroll	144
2.4.1	National Living Wage (NLW)	144
2.4.2	Stakeholder pensions	147
2.4.3	Apprenticeship levy	148
2.4.4	VAT staff hire concession	148
2.4.5	Sleep-in pay	148
2.4.6	Employers National Insurance Levy of 1.5% from April 2022	150
3.	PAYORS	151
3.1	Local authorities	151
3.1.1	Local authority funding environment	151
3.1.2	Local authority market environment	151
3.1.2.1	SWOT analysis	160
3.1.3	Supported living – threats and opportunities for adult specialist care providers	162
3.1.3.1	Definition of supported living	162
3.1.3.2	Balance of services between residential and non-residential settings	162
3.1.3.3	Commissioners’ more ‘nuanced’ views on the merits of supported living	163
3.1.4	Variability of provision across the country	165
3.1.5	Relative cost of care homes and supported living	165
3.2	NHS	168
3.2.1	NHS funding environment	168
3.2.2	NHS market environment	168
3.3	Private funding	169
4.	MARKET STRUCTURE	171
4.1	Market concentration and leading providers’ shares	171
4.1.1	All adult specialist care (residential and non-residential services combined)	171
4.1.2	Adult specialist care in residential settings	173

4.1.2.1	Market concentration and leading providers: learning disability care homes	175
4.1.2.2	Market concentration and leading providers' shares – mental health care homes	176
4.1.2.3	Market concentration and leading providers' shares – physical disabilities and sensory impairments care homes	176
4.1.2.4	Market concentration and leading providers' shares – acquired brain injury	177
4.1.2.5	Market concentration and leading providers' shares – substance misuse	178
4.1.2.6	Market concentration and leading providers' shares – care homes and hospital units combined	179
4.2	Consolidation	181
4.3	Market structure by provider sector – for-profit/not-for-profit supply	186
4.4	Capacity turnover – openings and closures	187
4.5	Profile of adult specialist care homes	188
4.5.1	Scale of care homes	188
4.5.2	Age distribution of adult specialist care home stock	190
4.5.3	Purpose-built and conversions/adaptations	190
4.6	Exits and entries	192
4.6.1	Company level exits and entries	192
4.6.2	At service level	193
4.7	Business failures and recapitalisations	193
4.7.1	Business failures among small housing association counterparties to major listed supported housing investors	194
4.8	Economies of scale and scope	195
4.8.1	At individual service level	195
4.8.2	At group/portfolio level	195
4.8.3	Brands	196
4.8.4	Absence of intermediation	196
4.9	Barriers to entry	196
4.10	Sources of capital	196
4.10.1	Sources of capital for care homes	196
4.10.1.1	Traditional bank debt funding, to supplement business owners' equity	197
4.10.1.2	Private equity	197
4.10.1.3	Sales and leaseback	197
4.10.1.4	High yield bond issues	197

4.10.1.5	Stock exchange listing, giving access to public funds	198
4.10.1.6	Islamic funding	198
4.10.2	Capital for supported accommodation	198
4.11	Developers	198
5.	INVESTORS	201
5.1	Private equity	201
5.2	Other financial institutions	201
5.3	Enterprise values and exit multiples	202
6.	MARKET POTENTIAL	209
6.1	Wider recognition of adult specialist care as an investment opportunity	209
6.2	Digital technologies	209
6.3	Artificial intelligence and robotisation	211
6.4	Absence of any transnational dimension	212
	APPENDIX 1. GLOSSARY	213
	APPENDIX 2. KEY LEGISLATION	217
	APPENDIX 3. REGULATORS	219
	APPENDIX 4. TRADE BODIES AND ASSOCIATIONS	221
	APPENDIX 5. HISTORY - PRIVATISATION OF SOCIAL CARE FROM THE 1970s	227
	APPENDIX 6. PROFILES OF MAJOR ADULT SPECIALIST CARE PROVIDERS	231
	APPENDIX 7. FINANCIAL APPENDIX	273

LIST OF TABLES

Table ES1	Number of recipients of long-term social care support	3
Table 1.1	Adult specialist care – Market by support setting and provider sector, all younger adult client types, England, 2020/21 and UK projection	18
Table 1.2	Adult specialist care – Volume and annualised value of services in residential settings, all younger adult client types ¹ England (by provider sector) and UK (summary), 2020/21	19
Table 1.3	All younger adult client groups – Illustrative calculation of number of recipients of publicly funded long-term social care support and expenditure per recipient, all provider sectors, England, 2020/21	20
Table 1.4	Learning disabilities – Market size by service type and provider sector (18 to 64-years-olds), England, 2020/2024 and UK projection	26
Table 1.5	Learning disabilities – Volume and annualised value of social care services in residential settings, (18 to 64-years-olds), by provider sector, England , 2020/21 and UK projection	28
Table 1.6	Learning disabilities – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-old), all provider sectors, England, 2020/21	29
Table 1.7	Mental health needs – Adult specialist care market size by service type and provider sector, England, 2020/21 and UK projection	30
Table 1.8	Mental health needs – Volume and annualised value of social care services in residential settings (18 to 64-years-olds), by provider sector, England, 2020/21 and UK projection	32
Table 1.9	Mental health needs – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-olds). England, 2020/21	33
Table 1.10	Physical disabilities and sensory impairments – Adult specialist care market size by service type and provider sector (18 to 64-years-olds), England 2020/21 and UK projection	34
Table 1.11	Physical disabilities and sensory impairments – Volume and annualised value of services in care homes, England (by provider sector) and UK (summary) at 31 March 2021	36
Table 1.12	Physical disabilities and sensory impairments – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-olds), England, 2020/21	37
Table 1.13	Memory and cognition needs – Social care market size by service type and provider sector (18 to 64-years-olds), England, 2020/21 and UK projection	38
Table 1.14	Acquired brain injury – Volume and annualised value of social care services in residential settings (18 to 64-years-olds), plus UK value of neuro-rehabilitation in NHS and independent sector by provider sector, England, 2020/21 and UK projection	39
Table 1.15	Substance misuse – Market size by service type and provider sector, England, 2020/21 and UK projection	40
Table 1.16	All adult specialist care client groups – Addressable market value by service line for adult specialist care services (all provider sectors and all funding sources), England, 2014/15–2020/21	47

Table 1.17	All adult specialist care clients – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2021	59
Table 1.18	Learning disabilities – Segmental analysis of addressable market value by service line at current prices for social care of adults (18 to 64-years-old), all provider sectors and all funding sources), England, 2014/15–2020/21	66
Table 1.19	Learning disabilities – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2021	71
Table 1.20	Mental health needs – Segmental analysis of addressable market value by service line at current prices for social care of adults (18 to 64-year-olds), all provider sectors and all funding sources, England, 2014/15–2020/21	77
Table 1.21	Mental health needs – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2021	81
Table 1.22	Physical disabilities and sensory impairments – Segmental analysis of addressable market value by service line at current prices for social care of adults (18 to 64-years-old) (all provider sectors and all funding sources), England, 2014/15–2020/21	84
Table 1.23	Physical disabilities and sensory impairments – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2021	88
Table 1.24	Key operating statistics (capacity, occupancy and prices) for leading adult specialist care providers: Voyage and CareTech (Adult Services), 2020–2021	100
Table 1.25	Selected unit cost differentials: outsourced versus local authority in-house provision of social care services, gross of SSMSS council overheads, England, 2020/21	102
Table 1.26	Payroll costs as a percentage of revenue, major adult specialist care home groups, accounting periods ending 2020–21	104
Table 1.27	Summary of CQC Fundamental Standards overall ratings by provider type for adult specialist care homes, primary client type: learning disabilities, mental health (including eating disorders), physical disabilities, brain injury rehabilitation and substance misuse, England, snapshot at June 2021	115
Table 1.28	Adult specialist care home providers – League table, listed in order of share of homes rated Good or Outstanding, England, June 2021	116
Table 1.29	Projected units of supported housing by client group, England, 2015–2030 (Base case, in thousand units)	120
Table 1.30	Specialist, listed supported housing REITS, key statistics, 2017–2021	122
Table 2.1	National Minimum Wage and National Living Wage rates, 1999–2022 and projections to 2024	145
Table 2.2	Minimum employers stakeholder pension contributions, 2017–2019	148
Table 3.1	Penetration of self-directed care among council funded non-residential service users by age and client group, England, 2020/21	157
Table 3.2	SWOT analysis of the adult specialist care market, from the provider perspective	161
Table 3.3	Local authority commissioners' views on supported living and residential care for working age adults with high social care needs	165
Table 4.1	Adult specialist care – Market shares of leading providers, UK, c.2020/21	172
Table 4.2	Market concentration (share controlled by the four largest providers) in different segments of the UK independent health and social care services sector	173
Table 4.3	Adult specialist care – Numbers of service users supported by leading providers and revenue per service user, 2020/21	174

Table 4.4	Adult specialist care – League table of leading 20 independent sector (for-profit and not-for-profit) groups by adult specialist bed capacity, all 18 to 64-year-old client types, UK, November 2021	175
Table 4.5	Learning disabilities – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, November 2021	177
Table 4.6	Mental health – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, November 2021	178
Table 4.7	Physical disabilities and sensory impairments – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, November 2021	179
Table 4.8	Acquired brain injury – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, November 2021	180
Table 4.9	Substance abuse – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, November 2021	181
Table 4.10	Mental health hospital and adult specialist care homes – League table of leading 20 independent sector (for-profit and not-for-profit) providers of bed capacity, UK, November 2021	182
Table 4.11	Adult specialist care - Share of capacity in each size band, independent (for-profit and not-for-profit) care homes by client type, UK, 2021	189
Table 4.12	Adult specialist care – Purpose-built status of independent (for-profit and not-for-profit) sector care homes, by client type, UK, 2021	192
Table 5.1	Private equity holdings of adult specialist care companies, UK, November 2021	202
Table 5.2	Health and care service transactions since the global credit crisis which are either markers of exit value for the health and care sector in general or for the specialist care sector specifically	203

Delivering the **difference** in health and social care.

Attenti Consulting is a specialist consultancy delivering bespoke, sustainable solutions to a range of health and social care clients; with a passion to promote best practice across the sector through the facilitation of webinars, commissioning research & white papers and hosting events to encourage shared learning and sector-led improvement.
