<b>1</b>	<b>Executive Summary and Highlights</b>
<b>15</b>	<b>1. Market</b>
<b>15</b>	<b>1.1 Definition and scope</b>
<b>15</b>	1.1.1 Data sources
<b>16</b>	<b>1.2 Market size</b>
<b>17</b>	<b>1.3 Segmentation</b>
<b>17</b>	1.3.1 Supply side segmentation
<b>18</b>	1.3.2 Client type segmentation – dementia
<b>19</b>	1.3.2.1 ‘Full-service’ dementia care brands yet to emerge
<b>19</b>	1.3.2.2 Quality of dementia care services
<b>20</b>	1.3.2.3 Dementia fee premium
<b>20</b>	1.3.2.4 National Dementia Strategy
<b>21</b>	1.3.2.5 Future of dementia care
<b>21</b>	1.3.3 Premium care homes
<b>27</b>	1.3.3.1 Dangers on the horizon, from care funding reforms
<b>27</b>	1.3.3.2 Pricing in premium care homes
<b>27</b>	<b>1.4 Funding by payor type</b>
<b>30</b>	<b>1.5 Market growth</b>
<b>30</b>	1.5.1 Current and historic trends
<b>33</b>	1.5.1.1 Volume of demand
<b>35</b>	1.5.1.2 Market value
<b>37</b>	1.5.1.3 Trends in numbers of independent sector homes and capacity per home
<b>38</b>	1.5.2 Future growth – projections of demand
<b>38</b>	1.5.2.1 Conservative projection
<b>40</b>	1.5.2.2 Alternative (less conservative) projections
<b>40</b>	<b>1.6 Demand drivers</b>
<b>40</b>	1.6.1 Population ageing
<b>42</b>	1.6.1.1 Age-specific demand
<b>43</b>	1.6.2 Eligibility criteria for public sector support
<b>43</b>	1.6.3 Substitutes for care in residential settings
<b>44</b>	1.6.4 Informal care availability
<b>44</b>	1.6.4.1 Families’ and friends’ willingness to provide informal care
<b>44</b>	1.6.4.2 Cost of informal care
<b>45</b>	1.6.4.3 Policy levers to support informal care

<b>45</b>	1.6.5 Prevalence of dementia
<b>46</b>	1.6.6 Compression of morbidity
<b>47</b>	1.6.7 Financial resources – public funding
<b>47</b>	1.6.8 Financial resources – private pay
<b>47</b>	1.6.8.1 Ability to pay from income
<b>48</b>	1.6.8.2 Ability to pay from assets – home ownership
<b>49</b>	1.6.8.3 Value of property assets
<b>50</b>	1.6.8.4 Resilience of residential property values
<b>51</b>	1.6.9 Counter drivers of care home demand
<b>51</b>	1.6.9.1 Housing with care
<b>51</b>	1.6.9.2 Live-in homecare
<b>52</b>	<b>1.7 Demand and supply</b>
<b>52</b>	1.7.1 Historical trends in volume of demand, supply and occupancy
<b>54</b>	1.7.2 Occupancy and spare capacity
<b>55</b>	1.7.2.1 Other published information on occupancy rates
<b>55</b>	1.7.3 Balance between nursing and residential care
<b>57</b>	1.7.4 Historic decline in access to state-funded care for older people
<b>58</b>	1.7.5 Local authority demand
<b>59</b>	1.7.5.1 Local authority fee rates
<b>59</b>	1.7.5.2 Policy preference for community-based models of care
<b>59</b>	1.7.5.3 Care in residential settings is more economical at high levels of care intensity
<b>60</b>	1.7.5.4 ‘Social’ housing with care more readily available than privately paid
<b>61</b>	1.7.5.5 Potential expansion of councils’ market influence under social care funding reforms
<b>61</b>	1.7.6 Private pay demand
<b>61</b>	1.7.7 NHS-funded demand
<b>61</b>	1.7.8 Openings and closures
<b>63</b>	1.7.9 Index of supply by region
<b>65</b>	1.7.10 International comparisons
<b>65</b>	<b>1.8 Staffing</b>
<b>66</b>	1.8.1 Endemic recruitment and retention challenges in the social care sector
<b>67</b>	1.8.2 Public policy initiatives to support recruitment and retention
<b>67</b>	1.8.2.1 Funding
<b>67</b>	1.8.2.2 Immigration and overseas recruitment
<b>68</b>	1.8.3 Staff vacancy rates
<b>69</b>	1.8.4 Staff turnover rates
<b>70</b>	1.8.5 Zero hours contracts
<b>70</b>	1.8.6 Will workforce availability constrain future expansion of supply?
<b>70</b>	1.8.6.1 Higher paid staff grades
<b>70</b>	1.8.6.2 Low paid staff
<b>70</b>	1.8.6.3 Scope for more targeted recruitment

<b>70</b>	<b>1.9 Key operational metrics</b>
<b>71</b>	1.9.1 Operating costs
<b>78</b>	1.9.1.1 Payroll
<b>78</b>	1.9.2 Return on capital and operations
<b>79</b>	1.9.3 Fees
<b>88</b>	1.9.4 Occupancy rates
<b>89</b>	<b>1.10 Operating and investment models</b>
<b>89</b>	1.10.1 Operating models
<b>91</b>	1.10.2 Investment models
<b>91</b>	<b>1.11 Performance measures</b>
<b>91</b>	1.11.1 Profitability metrics
<b>91</b>	1.11.2 Underlying profitability trends (EBITDAR as % revenue)
<b>94</b>	1.11.3 Local profitability metrics
<b>97</b>	1.11.4 Quality performance
<b>98</b>	1.11.4.1 Incentives to perform well on CQC fundamental standards
<b>98</b>	1.11.4.2 Does size matter?
<b>99</b>	1.11.4.3 Scotland – rejection of overall ratings
<b>99</b>	1.11.4.4 Wales – no ratings
<b>100</b>	1.11.4.5 Customer satisfaction
<b>103</b>	<b>2. Politics and Regulation</b>
<b>103</b>	<b>2.1 Historical background: privatisation of delivery of social care services from the late-1970s</b>
<b>104</b>	2.1.1 Transformation from the late-1970s
<b>105</b>	2.1.2 Why did outsourcing of social care become mainstream so rapidly?
<b>106</b>	2.1.3 Is rolling back social care privatisation feasible?
<b>106</b>	2.1.4 History – Income Support triggers care home expansion from late-1970s
<b>107</b>	2.1.5 History – Expansion reverses following 1993 community care reforms
<b>107</b>	2.1.6 History – benign financial environment early to late noughties
<b>107</b>	2.1.7 Austerity 2011/12– late-2010s
<b>108</b>	2.1.8 Post-Covid and the Labour administration – July 2024–
<b>108</b>	<b>2.2 English social care funding reforms</b>
<b>108</b>	2.2.1 How much public money is required to end the ‘crisis’ in social care?
<b>108</b>	2.2.2 How much public money is required to end the ‘crisis’ in social care?
<b>109</b>	2.2.3 The balance of responsibility between state and individual
<b>113</b>	<b>2.3 Political consensus on social care – other than funding issues and immigration</b>
<b>113</b>	2.3.1 No ideological threat to the existence of the private care home sector
<b>114</b>	<b>2.4 Integration of health and social care</b>
<b>114</b>	2.4.1 Better care fund in England
<b>114</b>	2.4.2 Integration of health and social care in Scotland
<b>115</b>	2.4.3 Integration of health and social care in Wales
<b>115</b>	2.4.4 Delayed transfers of care

<b>115</b>	2.4.4.1 England
<b>117</b>	2.4.5 Personalisation and self-directed care: direct payments and personal budgets
<b>119</b>	2.4.6 Intermediate care, including reablement
<b>120</b>	2.4.7 NHS Funded Nursing Care (NHS FNC)
<b>120</b>	2.4.7.1 NHS FNC in England
<b>121</b>	2.4.8.1 Scotland NHS-funded nursing care
<b>122</b>	2.4.7.2 Wales NHS-funded nursing care
<b>122</b>	2.4.7.3 Northern Ireland NHS-funded nursing care
<b>122</b>	2.4.8 Asset thresholds and capital disregards used for means testing
<b>122</b>	2.4.9 Charges for publicly funded non-residential care services
<b>123</b>	2.4.10 Eligibility rules for publicly funded care services
<b>123</b>	2.4.10.1 Former FACS framework
<b>123</b>	2.4.10.2 National eligibility threshold
<b>123</b>	2.4.10.3 NHS continuing healthcare eligibility criteria
<b>124</b>	2.4.11 The Care Act 2014
<b>124</b>	2.4.11.1 Local authority duties under the Care Act
<b>125</b>	2.4.12 Deferred payments
<b>126</b>	2.4.13 Market Oversight of adult social care
<b>127</b>	2.4.14 Transfer of assets to avoid charges
<b>127</b>	2.4.15 Outsourcing of core local authority functions
<b>127</b>	2.4.16 Best Value and withdrawal of councils from in-house provision
<b>128</b>	2.4.17 Human rights protection for residents of independent sector care homes
<b>128</b>	2.4.18 Competition law, monopoly situations and abuse of dominant position
<b>135</b>	2.4.19 Government policies affecting payroll costs
<b>135</b>	2.4.19.1 National Minimum/Living Wage
<b>136</b>	2.4.19.2 Statutory minimum holiday pay
<b>136</b>	2.4.19.3 Mandatory employers pension contributions
<b>137</b>	2.4.19.4 Apprenticeship levy
<b>137</b>	2.4.19.5 VAT staff hire concession
<b>137</b>	2.4.19.6 Employment Rights Act 2025
<b>137</b>	2.4.20 Top-ups
<b>138</b>	2.4.21 Judicial reviews
<b>139</b>	2.4.22 Weakness of care sector trade bodies
<b>139</b>	2.4.23 Competition and Markets Authority enquiry into care homes
<b>139</b>	2.4.23.1 Consumer protection
<b>140</b>	2.4.23.2 Public funding
<b>141</b>	2.4.23.3 The government's response to the CMA report
<b>141</b>	2.4.24 Immigration policy and Brexit
<b>142</b>	2.4.25 ESG and Net Zero

<b>142</b>	<b>2.5 Regulation of social services</b>
<b>142</b>	2.5.1 Underpinning legislation in England – Health and Social Care Act 2008
<b>142</b>	2.5.2 Fundamental Standards
<b>144</b>	2.5.3 Scotland
<b>144</b>	2.5.4 Wales
<b>144</b>	2.5.5 Northern Ireland
<b>144</b>	2.5.6 Scope of regulation in England
<b>145</b>	2.5.7 CQC’s strategy for England – fewer inspections and more focus on data
<b>146</b>	2.5.8 Providers’ views of CQC regulation
<b>149</b>	<b>2.6 Planning</b>
<b>152</b>	<b>3. Customer Profiles and Funding Sources</b>
<b>152</b>	<b>3.1 Customer profiles</b>
<b>153</b>	3.1.1 High needs
<b>154</b>	3.1.2 Socio-economic profile
<b>154</b>	3.1.3 Length of stay and expectation of life
<b>155</b>	<b>3.2 Private pay</b>
<b>155</b>	3.2.1 Private pay market size
<b>155</b>	3.2.2 Asymmetry of market power in favour of providers
<b>155</b>	3.2.3 Private pay market growth
<b>157</b>	3.2.4 Variations in private pay penetration across England
<b>158</b>	3.2.5 Most care homes operate on a mixed funding model with endemic cross-subsidisation
<b>158</b>	3.2.6 Private/public fee differentials
<b>160</b>	3.2.6.1 Narrowing of private/public fee differentials
<b>163</b>	3.2.7 Private pay market prospects
<b>163</b>	3.2.7.1 Funding reforms – risk of destabilisation
<b>164</b>	<b>3.3 Public pay – local authorities</b>
<b>164</b>	3.3.1 Market share and eligibility rules
<b>166</b>	3.3.2 Local authority spending on adult social care – emergence from austerity
<b>168</b>	3.3.3 Local authority funding sources
<b>168</b>	3.3.4 Labour government policies on social care funding
<b>169</b>	3.3.4.1 Other sources of additional funding for social care
<b>169</b>	3.3.5 Better Care Fund and Improved Better Care Fund (iBCF)
<b>169</b>	3.3.6 Social care precepts
<b>169</b>	3.3.7 More timely reporting of average council-paid fees in England
<b>170</b>	3.3.8 Narrowing of private/public fee differentials
<b>170</b>	3.3.9 Narrowing of the ‘fee gap’ – council-paid fees v sustainable fee rates
<b>171</b>	3.3.10 Monopsony power of local authorities
<b>172</b>	3.3.11 Fragmentation of local commissioning
<b>172</b>	3.3.12 Tariff prices rather than fees based on dependency

<b>173</b>	3.3.13 Spot purchasing rather than block purchasing or tenders
<b>173</b>	3.3.14 Market shaping
<b>174</b>	<b>3.4 Public sources of finance – the NHS</b>
<b>174</b>	3.4.1 Trends in NHS funded care home placements
<b>176</b>	3.4.2 NHS purchasing of ‘sub-acute’ services from the independent sector
<b>176</b>	3.4.3 NHS Funded Nursing Care (NHS FNC) rates
<b>176</b>	<b>3.5 Long-term care insurance and other LTC financial products</b>
<b>176</b>	3.5.1 History
<b>177</b>	3.5.2 Insurance industry response to Dilnot
<b>178</b>	3.5.3 Absence of intermediation in privately funded older care services
<b>178</b>	3.5.4 Immediate care plans
<b>179</b>	3.5.5 The demise of pre-funded LTC insurance
<b>179</b>	3.5.6 Equity release
<b>180</b>	3.5.7 Pensions
<b>182</b>	<b>4. Market Structure</b>
<b>182</b>	<b>4.1 Market concentration</b>
<b>183</b>	<b>4.2 Group penetration</b>
<b>183</b>	4.2.1 Market leaders by value
<b>184</b>	4.2.2 Market leaders by capacity
<b>186</b>	<b>4.3 Consolidation and deconsolidation</b>
<b>186</b>	4.3.1 Top ten
<b>186</b>	4.3.2 Mid-market
<b>188</b>	4.3.3 Small business segment
<b>188</b>	<b>4.4 Segmentation by provider sector, registration type and home size</b>
<b>191</b>	<b>4.5 Exits and entries</b>
<b>191</b>	4.5.1 Forced exits (including business failures and re-capitalisations)
<b>195</b>	4.5.2 Unforced exits (full or partial)
<b>195</b>	4.5.3 Covid
<b>195</b>	4.5.4 Home-level exits
<b>195</b>	4.5.5 Entries
<b>197</b>	4.5.6 Home-level entries
<b>197</b>	<b>4.6 Barriers to entry</b>
<b>198</b>	<b>4.7 Economies of scale and scope</b>
<b>198</b>	4.7.1 At the home level
<b>198</b>	4.7.2 At the group level
<b>199</b>	<b>4.8 Brand value</b>
<b>200</b>	<b>4.9 Sources of capital</b>
<b>201</b>	<b>4.10 Scale, age and quality of stock</b>
<b>201</b>	4.10.1 Slow trend towards increased scale

<b>202</b>	4.10.2 Age and purpose-built status of UK care home stock
<b>203</b>	4.10.3 Single rooms and en suite facilities
<b>204</b>	4.10.4 Pace of modernisation
<b>205</b>	<b>5. Investors</b>
<b>205</b>	<b>5.1 Investment overview</b>
<b>206</b>	<b>5.2 Sources of capital for investment</b>
<b>206</b>	5.2.1 Debt
<b>206</b>	5.2.1.1 Bank debt
<b>206</b>	5.2.1.2 Bonds
<b>207</b>	5.2.1.3 Islamic funding
<b>207</b>	5.2.2 Leased assets
<b>207</b>	5.2.2.1 Penetration of leasing
<b>209</b>	5.2.3 US REITs
<b>209</b>	5.2.3.1 History
<b>209</b>	5.2.3.2 Welltower
<b>210</b>	5.2.3.3 Other USA REITs
<b>211</b>	5.2.4 European property investors
<b>211</b>	5.2.5 UK property investors
<b>212</b>	5.2.6 Private equity
<b>214</b>	<b>5.3 Transactions and exit multiples</b>
<b>214</b>	5.3.1 Pre-global credit crisis
<b>215</b>	5.3.2 Post-global credit crisis
<b>215</b>	5.3.2.1 Most recent transaction values and multiples
<b>216</b>	5.3.3 Unconfirmed media reports of transaction prices and multiples
<b>216</b>	5.3.4 Recent transactions for which multiples are not available
<b>223</b>	<b>6. Market Potential</b>
<b>223</b>	<b>6.1 Alternative care home models</b>
<b>224</b>	<b>6.2 AI and Digital technologies</b>
<b>227</b>	<b>7. Appendices</b>
<b>228</b>	<b>Appendix 1 Glossary</b>
<b>230</b>	<b>Appendix 2 Regulators</b>
<b>232</b>	<b>Appendix 3 Trade Bodies and Associations</b>
<b>235</b>	<b>Appendix 4 Major Providers of Care Homes for Older People</b>
<b>267</b>	<b>Appendix 5 Financial Appendix</b>

# List of Tables

<b>Table 1.1</b>	Volume and annualised value of care services for older people (65+) in residential settings by provider sector, UK, 2025/26
<b>Table 1.2</b>	Costs of dementia care in independent sector (for-profit and not-for-profit) care homes for older people using three different definitions of dementia, UK, 2025/26
<b>Table 1.3</b>	Regional distribution of private pay fees rates in older people's care homes, UK, 2025/26
<b>Table 1.4</b>	Capacity (beds) for care in residential settings for older people (65+) by provider sector and type of care (nursing or residential), UK, 1970–2026
<b>Table 1.5</b>	Sources of finance for residents of independent sector (for-profit and not-for-profit) care homes for older people and dementia (65+), UK, 2007–2026
<b>Table 1.6</b>	Trends in market value of care in residential settings by provider sector, care of older people and people with dementia (65+), £m, UK annualised value 2005–2026
<b>Table 1.7</b>	Care homes for older people and people with dementia, independent sector (for-profit and non-profit) registered homes, bed capacity and mean capacity per home, UK, 2005–2026
<b>Table 1.8</b>	Trends in older population numbers by ten-year age bands, UK, 1901–2060
<b>Table 1.9</b>	Age-specific usage rate for care in residential settings: percentage of people aged 65+ living in residential settings across all provider sectors including long-stay NHS, UK, March 2026
<b>Table 1.10</b>	Gross weekly income distribution of older households, Great Britain, 2023/2024
<b>Table 1.11</b>	Owner occupation penetration (owned outright and buying with mortgage) by age of household head, England, 2010/11–2024/25
<b>Table 1.12</b>	Volume of demand (occupied beds) and capacity (registered beds) for older people and people with dementia (65+) in residential settings by provider sector, 000s, UK, 1990–2026
<b>Table 1.13</b>	Regional estimates of occupancy rates (occupied beds as % registered beds) in care homes for older people, England, December 2025
<b>Table 1.14</b>	Components of net capacity change (independent and public sector) <sup>1</sup> in care homes for older people and dementia (65+), UK, y/e 2008–2026
<b>Table 1.15</b>	Index of supply of care home capacity for older people and dementia (65+) by standard region, all sector, March 2026, UK = 1.00
<b>Table 1.16</b>	Capacity by region independent sector (for-profit and not-for-profit) care homes for older people and dementia (65+), UK, March 2026
<b>Table 1.17</b>	Pro forma cost structures for nursing and residential care (frail older and dementia) in an efficient, larger scale (50-bed plus) for-profit care home for older people with an 'intermediate' specification of 50m <sup>2</sup> per resident including communal areas, £ per resident per week, England, 2025/26

<b>Table 1.18</b>	Rostered staff benchmarks (hours per resident per week) for UK care homes of an efficient scale (30+ beds) for older people, hours per resident per week, 2002–2026
<b>Table 1.19</b>	Weighted average weekly fees from all funding sources among independent sector (for-profit and not-for-profit) homes for older people and dementia (65+), UK, 1997/98–2025/26
<b>Table 1.20</b>	Weighted average weekly fees by region from all funding sources among independent sector (for-profit and not-for-profit) care homes for older people, England, 2025/26
<b>Table 1.21</b>	Latest available profit and loss results of the leading 25 (by revenue) operators of care homes for older people in the UK which post profit and loss in company format <sup>1</sup>
<b>Table 1.22</b>	Latest available profit and loss results of the leading 25 (by revenue) operators of care homes for older people in the UK which post profit and loss in charity format
<b>Table 1.23</b>	CQC ratings performance of English care homes for older people and dementia (65+), by provider sector, March 2026
<b>Table 1.24</b>	Overall satisfaction of service users aged 18+ in receipt of long-term support services funded or managed by social services, England, 2024/25
<b>Table 2.1</b>	Selected unit cost differentials: outsourced vs local authority in-house provision of social care services, gross of SSMSS council overheads, England, 2024/25
<b>Table 2.2</b>	Direct payments and self-directed care, <sup>1</sup> people using services commissioned by English councils during 2024/25
<b>Table 2.3</b>	Concentration of local markets, share of capacity held by leading local providers of nursing homes for older people (65+) and dementia, UK, March 2026
<b>Table 2.4</b>	Concentration of local markets, share of capacity held by leading local providers of residential homes for older people (65+) and dementia, UK, March 2026
<b>Table 2.5</b>	National Minimum Wage (NMW) and National Living Wage (NLW) rates, 1999–2026
<b>Table 3.1</b>	Age and gender profile of the care home population aged 65+, England and Wales, 2021
<b>Table 3.2</b>	Gender and marital status profile of the care home population aged 65+, England and Wales, 2011
<b>Table 3.3</b>	Census of Bupa care home residents, prevalence of some conditions, UK, 2003–2012
<b>Table 3.4</b>	Evidence of fee differentials between private payers and council funded care home residents in homes for older people and dementia (65+) owned by a sample of care home groups operating in 12 English counties in 2015
<b>Table 3.5</b>	Average fee levels and price differentials by region, CMA research, UK, 2016
<b>Table 3.6</b>	Average fee levels and price differentials by proportion of LA-funded residents, CMA research, UK, 2016
<b>Table 3.7</b>	Private pay and council-paid fee differentials and three points of time, UK, 2015 and 2016, England 2025/26
<b>Table 3.8</b>	Sources of funding for English local authorities, core spending power, 2024/25–2028/29

<b>Table 3.9</b>	Average fees paid by councils for independent sector residential and nursing care of older people according to iBCF reporting, England, 2019/20 to 2025/26
<b>Table 4.1</b>	Market concentration (share controlled by the four largest providers) in different segments of the UK independent health and social care services sector
<b>Table 4.2</b>	Top ten market leaders by value of care home services for older people, UK, 2024/25
<b>Table 4.3</b>	Top 25 (by capacity) independent sector (for-profit and not-for-profit) providers of care homes older people and dementia (65+), UK, March 2026
<b>Table 4.4</b>	Capacity segmentation (provider and service type) care homes for older people and dementia (65+), UK, March 2026
<b>Table 4.5</b>	Segmentation of registered care home capacity for older people and dementia (65+) by provider category, registration type and size of home, UK, March 2026
<b>Table 5.1</b>	Aggregate turnover and lease rental payments reported by care home groups for older people and dementia (65+) in full accounts for periods ending in the years 2012–2024
<b>Table 5.2</b>	Private equity (broadly defined) share of the older people's care home market by value, 2024/25
<b>Table 5.3</b>	Older people's care home transactions with an enterprise value of £25 million plus, 2005–March 2026

# List of Figures

<b>Figure H1</b>	Components of nominal market growth, independent sector care homes for older people, UK, 2023/24–2025/26
<b>Figure H2</b>	Market volume (000s of residents at year end) by payor type in independent sector (for-profit and not-for-profit) care homes for older people and dementia (65+), UK, 2007–2026
<b>Figure H3</b>	Private pay fee differential compared with local authority fees – 2025/26 compared with mid-2010s
<b>Figure H4</b>	Volume of demand for care in all (independent and statutory) residential settings for older people and dementia (65+), UK actuals, 1990–2026 and projections to 2036
<b>Figure H5</b>	Bed capacity gains and losses from new registrations, closures and other net changes including extensions and reductions in registered beds in existing homes, all independent and public sector care homes for older people and dementia (65+), UK, 1990–March 2026
<b>Figure H6</b>	Occupancy rates in care homes for older people as recorded by Capacity Tracker, England 2023–December 2025
<b>Figure H7</b>	Underlying profitability of major care home groups for older people, EBITDAR as a percentage of revenue, 2006–2025
<b>Figure H8</b>	Illustrative operating profitability (EBITDAR as a percentage of revenue) of NURSING CARE for older people, calculated from key local parameters, by local authority, England, 2025/26
