THIRTY-THIRD EDITION

Fully revised UK Healthcare Market Review in its thirty-third edition

The thirty-third edition of LaingBuisson's UK Healthcare Market Review is vital reading for independent providers, commissioners, advisors and investors active in the UK's independent healthcare and social care sectors.

Published in September 2021, and written during the summer, the Review reflects on how the pandemic has affected the independent healthcare and social care sectors during the past 18 months.

The report includes a new chapter on healthcare workforce and recruitment. This provides valuable insight into the key drivers of this market at a time when the sector is once again facing staffing challenges as the wider economy opens up.

The new edition also includes a revised and updated politics and regulation section. This outlines current government policy and NHS England's strategy of moving towards integrated care and offers opinion on the likely impact of the funding announcement made by the UK Government on 7 September.
