LIST OF TABLES	xiii
LIST OF FIGURES	xv
EXECUTIVE SUMMARY	1
1. MARKET	5
1.1 Scope and definition	5
1.1.1 Revisions	5
1.1.2 Estimates for clinics	5
1.1.3 Market shares	5
1.1.4 Projections	6
1.2 Private acute medical care providers – market size	6
1.3 Private acute medical hospitals and clinics market	7
1.3.1 Market size and growth trends	7
1.3.2 Provider (value) market shares	9
1.4 Private patients only hospital market	10
1.4.1 Market size and growth trends	10
1.5 NHS Private Patients	13
1.5.1 Market size and growth trends	13
1.5.2 Regional trends	15
1.5.3 Future trends and prospects	16
1.6 Other private acute medical care components	17
1.6.1 Screening	17
1.6.2 Fertility treatments	18
1.6.3 Pregnancy terminations	20
1.7 Specialists' private practice fee income	23
1.8 Funding by payor type – independent acute healthcare hospitals and clinics	23
1.8.1 Self-pay spending – mainstream (non-cosmetic) spending and cosmetic surgery revenues	25
1.9 Private acute medical care – market structure and activity overview	25
1.9.1 Regional breakdown of capacity – mainstream independent sector hospitals	26
1.9.2 Sub-regional capacity in London, the South East and East of England	27
1.9.3 Capacity trends over time – independent sector hospitals and clinics	27
1.10 Activity – independent sector's patient admissions	29
1.10.1 Mainstream hospitals (with inpatient/overnight bed capacity) activity data	29
1.10.2 Independent sector's share of admissions	29
1.11 Market structure of Private Patient Units and structural trends	30

1.11.1	Regional structural trends	31
1.12	Staffing – specialists	32
1.12.1	Consultant supply and private practice	32
1.12.2	Future supply of private practice	33
1.13	Performance measures	36
1.13.1	Profitability of the independent sector	36
1.13.2	Quality – CQC judgements	38
2.	POLITICS AND REGULATION	41
2.1	Politics – past, present and future	41
2.1.1	Political environment for the NHS under the Conservatives, 2015 onwards	41
2.1.1.1	NHS performance under the Conservatives and future funding	44
2.1.1.2	The development of choice for patients and use of the independent sector	46
2.1.1.3	Commissioning and NHS outsourcing partnerships	49
2.1.2	Labour Party policy for the NHS in 2019	51
2.1.3	Emergence and development of private acute medical care 1973–1997	52
2.1.4	Philosophical opposition to private healthcare under Labour 1997–2000	52
2.1.5	Engaging the independent sector to upscale NHS performance 2000–2010	52
2.1.6	The Coalition government – reforms in action, 2010–2015	54
2.2	Regulation of the independent acute medical care sector	54
2.2.1	Overview	54
2.2.2	Regulation of quality standards by the Care Quality Commission	56
2.2.2.1	Scope of independent acute medical care regulation in England	56
2.2.2.2	Outside the scope of regulation	56
2.2.2.3	The essential standards in England	57
2.2.2.4	Care Quality Commission developments for independent acute hospitals and clinics	57
2.2.3	Monitor and NHS improvement	59
2.2.3.1	Licensing	60
2.2.3.2	Setting NHS prices	60
2.2.4	Competition investigations	61
2.2.4.1	Office of Fair Trading	61
2.2.4.2	Competition and Markets Authority (previously Competition Commission)	62
2.2.4.3	Remedies and author’s view	63
2.2.4.4	Remittal and appeals	64
2.2.4.5	New investigation?	65
2.2.5	PHIN and performance data	65
3.	PAYORS	69
3.1	Private medical cover	69
3.1.1	Recent trends in private medical cover	69
3.1.2	Private medical cover market structure	72
3.1.3	Future prospects for private medical cover	72

3.2	NHS purchasing	74
3.2.1	Market value and trends	74
3.2.2	Activity and provider shares – hospital admissions	76
3.2.3	Admissions by specialty	80
3.2.4	Activity and provider shares – diagnostics	82
3.2.5	Future prospects and trends	83
3.3	Self-pay patients	85
3.3.1	Market value and growth trends	85
3.3.2	Regional trends – London versus rest of UK	87
3.3.3	Provider self-pay trends	88
3.3.4	Historic trends	88
3.3.5	NHS performance – waiting and treatment restrictions	89
3.3.6	Future prospects and trends	94
3.3.7	Cosmetic surgery	95
3.3.8	Cosmetic surgery – future prospects and trends	97
3.4	Overseas	98
3.4.1	Market size and growth trends	98
3.4.2	Projections and prospects	99
4.	MAJOR PROVIDERS	101
4.1	Independent sector – market concentration and shares	101
4.2	Independent sector – provider type	104
4.3	New independent acute medical capacity and structural trends	105
4.3.1	Capital investment by incumbents	110
4.3.2	Full-service and specialist inpatient acute hospitals	111
4.3.3	Day surgery only including specialist facilities	114
4.3.4	Outpatient and diagnostic clinics	115
4.3.5	Specialist outpatient clinics	117
4.3.6	NHS acute services managed by independent sector	119
4.3.7	Closures	120
4.4	NHS providers – private income market shares	121
4.4.1	Specialisation	123
4.4.2	New NHS private patient facilities including partnerships	123
4.5	Other acute markets	126
4.5.1	Screening	126
4.5.2	Fertility	128
4.5.3	Pregnancy terminations	130
5.	INVESTORS	131
5.1	Major investor review	131
5.1.1	Hospital Topco Ltd	132
5.1.2	Mediclinic International	132
5.1.3	HCA Healthcare Inc.	133

5.1.4	Bridgepoint Capital	133
5.1.5	Toscafund/Penta Capital	133
5.1.6	NMC Health plc	133
5.1.7	Aurelius	134
5.1.8	Fidelity International	134
5.1.9	RCapital	134
5.1.10	BlueGem Capital Partners	134
5.1.11	Life Healthcare	134
5.1.12	China Resources Group and Macquarie Group	134
5.1.13	Apposite Capital	134
5.1.14	CBPE Capital	134
5.1.15	Investors in the fertility sector	135
5.2	Recent acquisitions	135
6.	MARKET POTENTIAL	139
6.1	Demand	139
6.2	Supply	140
	APPENDIX 1. GLOSSARY	143
	APPENDIX 2. KEY LEGISLATION	147
	APPENDIX 3. REGULATORS	149
	APPENDIX 4. MAJOR PROVIDER PROFILES	151
	APPENDIX 5. TRADE ASSOCIATIONS	175
	APPENDIX 6. LIST OF PRIVATE PATIENT UNITS (WITH OVERNIGHT BEDS)	177
	APPENDIX 7. FINAL CONCLUSIONS OF THE CMA'S INVESTIGATION INTO PRIVATE HEALTHCARE	181
	APPENDIX 8. FINANCIAL APPENDIX	185

LIST OF TABLES

Table 1.1	Private acute medical care hospital market value (independent acute medical hospitals and clinics and NHS private patients) in the UK, 2003–2018 and 2019–2021 projections	8
Table 1.2	Private patients only hospital market value (independent acute medical hospitals and clinics' private patients and NHS private patients) in the UK, 2003–2018 and 2019–2021 projections	12
Table 1.3	NHS private patient revenues in UK, 1990/91–2018/19	14
Table 1.4	NHS private patient revenues by UK region, and real growth, 2015/16–2018/19	16
Table 1.5	Screening spending (market size) UK, real growth, and real index, 2000–2018	18
Table 1.6	Trends in fertility treatment, all sectors UK, 1991–2017	19
Table 1.7	Number of independent sector abortions in England and Wales, and estimated UK independent sector clinic revenues, 2003–2018	21
Table 1.8	Independent acute medical hospitals and clinics UK market value, and revenues by purchaser, 2003–2018 and 2019–2021 projections	24
Table 1.9	Regional share of UK 'mainstream' independent acute medical care hospitals, share of overnight bed capacity, and share of operating theatres, October 2019	26
Table 1.10	Independent acute medical care hospitals and beds, UK 1981–2019	28
Table 1.11	Patient admissions in mainstream hospitals (with overnight bed capacity), by type of admission and hospital type in the UK, calendar 2018	29
Table 1.12	Regional breakdown of PPUs with overnight bed capacity, UK, October 2019	32
Table 1.13	EBITDAR margin and pre-tax profit/loss margin for major for-profit hospital operating companies – latest accounting period, and previous year shown in brackets	36
Table 1.14	Breakdown of (latest) CQC quality assessments of services provided by core independent hospitals in England (independent hospitals with inpatient facilities + day surgery hospitals of leading independent hospital groups), as at start of October 2019, covering 188 hospitals (with March 2018 in brackets)	38
Table 1.15	Breakdown of (latest) CQC quality assessments by inspection area provided by core independent hospitals in England (independent hospitals with inpatient facilities + day surgery hospitals of leading independent hospital groups), as at start of October 2019, covering 188 hospitals (with March 2018 in brackets)	39
Table 1.16	Overall (latest) CQC quality assessments for core independent hospitals in England (independent hospitals with inpatient facilities + day surgery hospitals of leading independent hospital groups) by hospital provider, as at start of October 2019, covering 188 hospitals (with March 2018 in brackets)	39
Table 2.1	Overall CQC quality ratings of core services for NHS hospitals and independent sector acute hospitals, as at 31 July, 2019 and 2018	58
Table 2.2	NHS tariff changes 2014/15–2016/17	61

Table 3.1	Private medical cover persons covered, payouts (claims paid), and average price for private medical cover policy, 1995–2017	70
Table 3.2	NHS purchasing of UK independent acute medical care services, 2003–2018 and 2019 projections	75
Table 3.3	NHS funded hospital admissions for acute medical care in the independent sector in England, 2004/05–2018/19	77
Table 3.4	NHS funded admissions treated by independent sector (IS) providers by type of speciality in 2018/19 – specialty share, proportion of all NHS admissions, and annual growth	81
Table 3.5	NHS funded (provider based) diagnostic procedures / tests carried out by the independent sector in England, 2009/10–2018/19	83
Table 3.6	Private self-pay spending on acute medical care services in independent sector hospitals and clinics in UK, including non-cosmetic and cosmetic split, 2003–2018 and 2019–2021 projections	86
Table 3.7	Proportion of self-financed treatment episodes in independent hospitals for 1981–1997/98 (England and Wales), 2001–2018 (UK)	89
Table 4.1	Capacity of major acute medical care hospital operators by number of overnight hospitals, overnight (inpatient) beds, and total operating theatres (OTs) in all facilities, October 2019	101
Table 4.2	Top independent acute medical care hospital providers by revenue (£m), 2012–2018 (calendar year unless otherwise stated), and 2018 market share	102
Table 4.3	Bed and revenue shares of the UK independent acute medical care hospital sector (excluding day only operators/facilities) by provider affiliation, 2019 and 2018	105
Table 4.4	New independent acute medical care facilities in the UK by region, service type (full-service or specialist) and treatment type (inpatient/day/outpatient), from 2014 onwards	108
Table 4.5	Future new independent acute medical care facilities in the UK by region, service type (full-service or specialist) and treatment type (inpatient/day/outpatient), from 2018 onwards	110
Table 4.6	Top 30 private patient Trust earners, annual growth and % share of UK NHS market, 2018/19 and 2017/18	122
Table 4.7	Revenues of leading specialist IVF providers in the UK, 2015–2018	129
Table 5.1	Main investors in the UK private acute medical care market, including source country, and investment start, October 2019	131
Table 5.2	Significant acquisitions in the UK private acute medical care market, 2016 onwards	136
Table A6	List of dedicated NHS pay bed units, January 2018 by region, and management type	177
Table A7.1	Competition and Markets Authority Investigation into Private Healthcare – Final Conclusions, April 2014	181
Table A7.2	Remedies Recommended by the Competition and Markets Authority, April 2014	182

LIST OF FIGURES

Figure 1.1	UK private acute medical care market value by component, 2018	6
Figure 1.2	Market shares (%) of the UK private acute medical care hospital market (independent sector hospitals and clinics + NHS private patient revenues) by provider, 2018	10
Figure 1.3	Real value index – UK private acute medical care market, and private patient only (PPO) hospital market, 2003–2018	11
Figure 1.4	Market shares of the UK PPO hospital market by provider, 2018	13
Figure 1.5	Legal abortions carried out in England and Wales 1968-2018	22
Figure 1.6	Segmentation of public and private activity: abortions, England and Wales residents 2018	22
Figure 1.7	Capacity indicators (overnight hospitals (H), overnight beds (B) and operating theatres (OT)) by sub-region in London, the South East and East of England, October 2019	27
Figure 1.8	UK hospital (inpatient and day case) surgical activity breakdown by type of hospital supply (public NHS or private) and type of funding (public NHS or private), 1986–2018	30
Figure 1.9	EBITDAR margin of leading independent sector hospital groups, 2008–2018	37
Figure 3.1	Market shares for total private medical cover market spending: insured premium income plus self-insured (Healthcare Trusts) derived spending combined, calendar 2017	71
Figure 3.2	Market shares of NHS revenues generated by independent sector hospitals and clinics by provider, 2018	76
Figure 3.3	Monthly NHS funded elective surgery (provider based) admissions in independent sector in England, January 2013 – August 2019	78
Figure 3.4	12 month % change in NHS admissions for independent sector providers and NHS providers, 2016 Q1 to 2019 Q2	78
Figure 3.5	NHS funded acute medical care hospital admissions in independent sector in England in 2018/19 by provider (2017/18 in brackets)	79
Figure 3.6	NHS funded acute medical care hospital admissions for the largest independent sector providers of NHS work, 2015 Q1 to 2019 Q2 (using monthly activity data)	80
Figure 3.7	NHS funded admissions treated by independent sector (IS) providers by type of specialty, 2018/19	80
Figure 3.8	NHS funded diagnostic procedures provider in the independent sector in England by provider group, 2018/19 (2017/18 in brackets)	83
Figure 3.9	London GVA (gross value added) growth and rest of UK GVA growth, 1998–2017	87
Figure 3.10	Number of NHS patients waiting for start of treatment, and average (median) time waited in England, March 2008 – August 2019	90
Figure 3.11	Waiting time from GP referral to hospital treatment for NHS admitted patients in England – Average (median) number of weeks of waiting and percentage of patients waiting more than 18 weeks, March 2008 – August 2019	91

Figure 3.12	Average (median), lowest and highest number of weeks of waiting from GP referral to treatment (admission) on NHS by region, July 2019	92
Figure 3.13	Average (median) waiting time from GP referral to hospital treatment for NHS admitted patients in England at August 2019 by type of treatment, and percentage change in average waiting over the past 60 months (August 2014 to August 2019)	93
Figure 3.14	Annual growth in plastic surgery procedures reported by BAAPS members, 2004–2018	96
Figure 3.15	Share of plastic surgery activity carried out by BAAPS members by type of procedure, 2011 and 2018	96
Figure 4.1	Market shares of top ten hospital providers in private patient only independent acute medical care market, UK, 2018	104
