

TABLE OF CONTENTS

FOREWORD	iii
LIST OF TABLES	xvii
LIST OF FIGURES	xxi
EXECUTIVE SUMMARY AND HIGHLIGHTS	1
1. MARKET	21
1.1 Definition, scope and data sources	21
1.1.1 Definition and scope	21
1.1.2 Data sources	24
1.2 Impact of Covid-19 on operators	24
1.2.1 Financial impact	24
1.2.2 Other impacts of Covid-19 on the adult specialist care sector	26
1.3 Market size	27
1.3.1 Care in residential settings	29
1.3.2 Service users	29
1.4 Market segmentation (market value, settings and service users)	30
1.4.1 Segmentation by primary client type	31
1.4.1.1 Overlapping client types	31
1.4.1.2 Limited data on further segmentation into client sub-groups	31
1.4.2 Segmentation by support setting	33
1.4.2.1 Balance between residential and non-residential settings	33
1.4.3 Learning disabilities (market value, settings and service users)	36
1.4.3.1 Care in residential settings – learning disabilities	37
1.4.3.2 Balance between residential and non-residential settings – learning disabilities	39
1.4.3.3 Service users – learning disabilities	39
1.4.4 Mental health needs (market value, settings and service users)	40
1.4.4.1 Care in residential settings – mental health needs	40
1.4.4.2 Balance between residential and non-residential settings – mental health needs	43
1.4.4.3 Service users – mental health needs	43
1.4.5 Physical and sensory disabilities (market value, settings and service users)	44
1.4.5.1 Care in residential settings – physical and sensory disabilities	46
1.4.5.2 Balance between residential and non-residential settings – physical and sensory disabilities	47
1.4.5.3 Service users – physical and sensory disabilities	48

1.4.6	Memory and cognition needs (market value, settings and service users)	48
1.4.7	Acquired brain injury (ABI) rehabilitation	49
1.4.8	Substance misuse	50
1.5	Funding profile – by payor type	51
1.5.1	Commissioner or consumer driven market	53
1.5.2	Reasons for low level of private pay, and exceptions	54
1.5.3	Trends over time	54
1.6	Customer profiles	54
1.6.1	Demographic profile	54
1.6.2	Non-commodity like	54
1.6.3	Provider polarisation	55
1.6.4	Longevity and stickiness	55
1.7	Growth	55
1.7.1	Market value growth (historic)	55
1.7.1.1	Segmental analysis of recent growth trends	57
1.7.1.2	Segmental analysis of recent growth trends – by provider sector	58
1.7.2	Market volume growth (historic)	60
1.7.2.1	Residential settings	60
1.7.2.2	Residential care vs supported living – recent trends	61
1.7.3	Prospects for future growth	62
1.7.3.1	Coronavirus uncertainty	62
1.7.3.2	Residential care	63
1.7.3.3	Non-residential care	64
1.8	Demand drivers	64
1.8.1	Demography	64
1.8.2	Public attitudes	65
1.8.3	Consumer choice	65
1.8.4	Public funding	66
1.8.5	Outsourcing by statutory agencies	66
1.8.6	Supported living demand drivers	66
1.9	Demand and supply	67
1.9.1	Demand for adult specialist care in residential settings – historical perspective	67
1.9.2	Occupancy rates in adult specialist care homes	69
1.10	Further segmental information by broad client type	71
1.10.1	Learning disabilities	71

1.10.1.1	Underlying demand for learning disability services	71
1.10.1.2	Autistic spectrum disorders	73
1.10.1.3	Future projections of change in underlying demand	73
1.10.1.4	Market value trends – learning disabilities	74
1.10.1.5	Market value trends by funding source – learning disabilities	76
1.10.1.6	Market value trends by provider sector – learning disabilities	76
1.10.1.7	Market volume trends – learning disabilities	78
1.10.1.8	Prospects for future growth – Learning Disabilities	80
1.10.2	Mental health needs	84
1.10.2.1	Underlying demand for social care of working age adults with mental health needs	84
1.10.2.2	Future projections of change in underlying demand	85
1.10.2.3	Market value trends – mental health needs	85
1.10.2.4	Market value trends by funding source – mental health needs	85
1.10.2.5	Market value trends by provider sector – mental health needs	86
1.10.2.6	Market volume trends – mental health needs	88
1.10.2.7	Prospects for future growth – mental health needs	90
1.10.3	Physical disabilities and sensory impairments	92
1.10.3.1	Underlying demand	92
1.10.3.2	Future projections of change in underlying demand	92
1.10.3.3	Market value trends – physical disabilities	92
1.10.2.4	Market value trends by funding source – physical disabilities	93
1.10.2.5	Market value trends by provider sector – physical disabilities	94
1.10.1.6	Market volume trends – physical disabilities	96
1.10.1.7	Prospects for future growth – physical disabilities	97
1.10.4	Acquired brain injury	99
1.10.4.1	Causes of ABI and underlying demand	99
1.10.4.2	Patient pathway	99
1.10.4.3	Occupancy rates	101
1.10.4.4	Market value trends – acquired brain injury	101
1.10.4.5	Market volume trends – acquired brain injury	102
1.10.4.6	Sources of funding – acquired brain injury	102

1.10.5	Substance misuse	103
1.10.5.1	Underlying demand for substance misuse services	104
1.10.5.2	Market value trends – substance misuse	106
1.10.5.3	Market volume trends – substance misuse	108
1.11	Key operational metrics	109
1.11.1	Prices	109
1.11.1.1	Care home fees	109
1.11.1.2	Fees for supported living and homecare	111
1.11.1.3	Price differentials between outsourced and local authority in-house services	113
1.11.2	Occupancy rates in registered care homes	114
1.11.3	Costs	115
1.11.3.1	Payroll	115
1.12	Operating models	117
1.12.1	Care homes	117
1.12.2	Supported living and homecare	118
1.12.2.1	Supported living in clustered settings and synergies with care homes	121
1.12.2.2	Risk of exposure to rental voids	122
1.12.2.3	Supported accommodation business model	123
1.13	Investment models	123
1.14	Performance measures	124
1.14.1	Financial	124
1.14.1.1	Adult specialist care homes	124
1.14.1.2	Supported living	125
1.14.2	Quality performance	126
1.14.2.1	CQC ratings	126
1.14.2.2	Incentives to perform well on CQC fundamental standards	128
1.14.2.3	Does size matter?	130
1.14.2.4	Quality of supported living	130
1.15	Supported accommodation – a parallel market	130
1.15.1	Market size	130
1.15.2	Market growth	131
1.15.3	Appetite for investment in supported accommodation	134
1.15.3.1	Civitas Social Housing plc	134
1.15.3.2	Triple Point Social Housing REIT	135
1.15.3.3	Other investors in supported housing freeholds	135

1.15.3.4	Housing associations/social landlords	136
2.	POLITICS AND REGULATION	139
2.1	Government policy	139
2.1.1	Policy context – high degree of cross-party consensus on non-funding issues	139
2.1.1.1	Personalisation, self-directed care and the transformation agenda	140
2.1.1.2	Integration of health and social care	140
2.1.1.3	Removal of legal barriers to health and social care integration	142
2.1.1.4	Current position with health and social care integration	143
2.1.2	Public sector expenditure policy	143
2.1.2.1	A decade of austerity	143
2.1.2.2	Expansion of supported housing – an exception to austerity	145
2.2	Impact of government policy on the adult specialist care sector	146
2.2.1	Brexit	147
2.2.2	Covid-19	147
2.3	Regulation of adult social care provision	148
2.3.1	Underpinning legislation in England – Health and Social Care Act 2008	148
2.3.2	Fundamental Standards	149
2.3.3	Scotland, Wales and Northern Ireland	150
2.3.4	Scope of regulation – services covered/not covered	150
2.3.4.1	England	150
2.3.4.2	Scotland and Wales	151
2.3.5	Next phase of regulation in England	151
2.3.6	Provider failure, market oversight and light touch financial regulation	152
2.3.7	History of the last decade and a half: deregulation accompanied by tougher enforcement	153
2.3.7.1	Government volte-face at high point of prescriptive regulation in 2002	153
2.3.7.2	Replacement of National Minimum Standards with less prescriptive Essential Standards	153
2.3.7.3	Essential Standards of Quality and Safety 2010-2014 – abandoned after Mid Staffordshire	154
2.3.7.4	Fundamental Standards of Quality and Safety 2014 -	154
2.3.7.5	Risks to providers from breaches of regulations and Fundamental Standards	155
2.3.8	Quality measures and consumer information	155
2.3.8.1	CQC Fundamental Standards – relative performance of different sets of providers	156
2.3.9	CQC response to Covid-19	156

2.3.10	Scotland – rejection of simple rating system	156
2.3.11	Regulatory distinction between care homes and supported living	156
2.3.12	CQC’s six-bed maximum guidance for homes for learning disabled people	157
2.3.13	Regulations affecting payroll	157
2.3.13.1	National Living Wage (NLW)	157
2.3.13.2	Stakeholder pensions	160
2.3.13.3	Apprenticeship levy	161
2.3.13.4	VAT staff hire concession	161
2.3.13.5	Sleep-in pay	161
3.	PAYORS	165
3.1	Local authorities	165
3.1.1	Local authority funding environment	165
3.1.2	Local authority market environment	165
3.1.2.1	SWOT analysis	175
3.1.3	Supported living: threats and opportunities for adult specialist care providers	176
3.1.3.1	Definition of supported living	176
3.1.3.2	Balance of services between residential and non-residential settings	176
3.1.3.3	Commissioners’ more ‘nuanced’ views on the merits of supported living	177
3.1.4	Variability of provision across the country	179
3.1.5	Relative cost of care homes and supported living	180
3.2	NHS	181
3.2.1	NHS funding environment	181
3.2.2	NHS market environment	182
3.3	Private funding	182
4.	MARKET STRUCTURE	183
4.1	Market concentration and leading providers’ shares	183
4.1.1	All adult specialist care (residential and non-residential services combined)	183
4.1.2	Adult specialist care in residential settings	187
4.1.2.1	Market concentration and leading providers: learning disability care homes	187
4.1.2.2	Market concentration and leading providers’ shares: mental health care homes	192
4.1.2.3	Market concentration and leading providers’ shares: physical disability care homes	193
4.1.2.4	Market concentration and leading providers’ shares: acquired brain injury	193
4.1.2.5	Market concentration and leading providers’ shares:	

	substance misuse rehabilitation	195
	4.1.2.6 Market concentration and leading providers' shares: care homes and hospital units combined	197
4.2	Consolidation	199
4.3	Market structure by provider sector - for-profit/not-for-profit supply	201
4.4	Capacity turnover: openings and closures	202
4.5	Profile of adult specialist care homes	203
	4.5.1 Scale of care homes	203
	4.5.2 Age distribution of adult specialist care home stock	205
	4.5.3 New-build and conversions/adaptations	206
4.6	Exits and entries	208
	4.6.1 Company level exits and entries	208
	4.6.1 At service level	208
4.7	Business failures and recapitalisations	208
4.8	Economies of scale and scope	209
	4.8.1 At individual service level	209
	4.8.2 At group/portfolio level	209
	4.8.3 Brands	210
	4.8.4 Absence of intermediation	210
4.9	Barriers to entry	210
4.10	Profiles of major providers	211
4.11	Sources of capital	211
	4.11.1 Sources of capital for care homes	211
	4.11.2 Capital for supported accommodation	213
4.12	Developers	213
5.	INVESTORS	215
	5.1 Private equity	215
	5.2 Other financial institutions	216
	5.3 Enterprise values and exit multiples	216
6.	MARKET POTENTIAL	221
	6.1 Wider recognition of adult specialist care as an investment opportunity	221
	6.2 Digital technologies	221
	6.3 Artificial intelligence and robotisation	223
	6.4 Absence of any transnational dimension	223
	APPENDIX 1. GLOSSARY	225

APPENDIX 2. KEY LEGISLATION	229
APPENDIX 3. REGULATORS	231
APPENDIX 4. TRADE BODIES AND ASSOCIATIONS	233
APPENDIX 5. HISTORY - PRIVATISATION OF SOCIAL CARE FROM THE 1970s	239
APPENDIX 6. MAJOR PROVIDERS	243
APPENDIX 7. FINANCIAL APPENDIX	269

LIST OF TABLES

Table 1.1	Adult Specialist Care market by support setting and provider sector, all younger adult client types England 2018/19 and UK projection	28
Table 1.2	Volume and annualised value of Adult Specialist Care services in residential settings, all younger adult client types England (by provider sector) and UK (summary), 2018/19	29
Table 1.3	Illustrative calculation of number of recipients of publicly funded long-term social care support and expenditure per recipient, All younger adult client groups and all provider sectors, England 2018/19	30
Table 1.4	Adult specialist care market size by service type and provider sector, England 2018/19 and UK projection, younger adults 18–64 with learning disabilities	36
Table 1.5	Volume and annualised value of social care services in residential settings for younger adults (18–64) with learning disabilities by provider sector, England 2018/19 and UK projection	38
Table 1.6	Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient, learning disabilities aged 18–64, all provider sectors, England 2018/19	40
Table 1.7	Adult specialist care market size by service type and provider sector, England 2018/19 and UK projection, younger adults 18–64 with mental health needs	41
Table 1.8	Volume and annualised value of social care services in residential settings for younger adults (18–64) with mental health needs by provider sector, England 2018/19 and UK projection	42
Table 1.9	Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient, mental health needs aged 18–64. England 2018/19	44
Table 1.10	Adult Specialist Care market size by service type and provider sector, England 2018/19 and UK projection younger adults 18–64 with physical disabilities or sensory disabilities (excludes Acquired Brain Injury)	45
Table 1.11	Volume and annualised value of services in care homes, England (by provider sector) and UK (summary) at 31 March 2019 for younger adults 18–64 with physical disabilities or sensory impairments (excluding Acquired Brain Injury)	46
Table 1.12	Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient, physical and sensory disabilities aged 18–64. England 2018/19	48
Table 1.13	Social care market size by service type and provider sector, England 2017/18 and UK projection younger adults 18–64 with memory and cognition needs	49

Table 1.14	Volume and annualised value of social care services in residential settings for younger adults (18–64) with acquired brain injury, plus UK value of neuro-rehabilitation in NHS and independent sector by provider sector, England 2018/19 and UK projection	50
Table 1.15	Substance misuse market size by service type and provider sector, England 2017/18 and UK projection	51
Table 1.16	Analysis of addressable market value by service line at current prices for Adult Specialist Care services (all client types, all provider sectors and all funding sources), England 2014/15 to 2018/19	58
Table 1.17	Service users in residential settings (occupied beds) - all Adult Specialist Care clients, all provider sectors and all funding sources, England 1990–2020	68
Table 1.18	Segmental analysis of addressable market value by service line at current prices for social care of adults (18–64) with learning disabilities (all provider sectors and all funding sources), England 2014/15 to 2018/19	76
Table 1.19	Service users in residential settings (occupied beds) - learning disabilities, all provider sectors and all funding sources, England 1990–2020	81
Table 1.20	Numbers of people in the UK with specific mental disorders	85
Table 1.21	Segmental analysis of addressable market value by service line at current prices for social care of adults (18–64) with mental health needs (all provider sectors and all funding sources), England 2014/15 to 2018/19	87
Table 1.22	Service users in residential settings (occupied beds) - mental health needs, all provider sectors and all funding sources, England 1990–2020	91
Table 1.23	Segmental analysis of addressable market value by service line at current prices for social care of adults (18–64) with physical disabilities or sensory impairments (all provider sectors and all funding sources), England 2014/15 to 2018/19	94
Table 1.24	Service users in residential settings (occupied beds) – physical disabilities or sensory impairments, all provider sectors and all funding sources, England 1990–2018	98
Table 1.25	Key operating statistics (capacity, occupancy and prices) for leading Adult Specialist Care providers: Voyage, Dimensions and CareTech (adult services)	110
Table 1.26	Selected unit cost differentials: outsourced vs local authority in-house provision of social care services, GROSS of SSMSS council overheads, England 2018/19	114
Table 1.27	Payroll costs as a percentage of revenue, major Adult Specialist Care home groups	116
Table 1.28	Summary of CQC Fundamental Standards overall ratings by provider type for Adult Specialist Care homes, England snapshot at January 2020	127
Table 1.29	League table of Adult Specialist Care home providers, listed in order of their share of homes rated Good or Outstanding, England January 2020	129
Table 1.30	Projected units of supported housing by client group in England, 2015–2030 (base case, in thousand units)	132

Table 1.31	Civitas Social Housing plc key statistics 2017–2020	135
Table 2.1	National Minimum Wage and National Living Wage rates 1999–2023	158
Table 2.2	Minimum employers stakeholder pension contributions	161
Table 3.1	Penetration of self-directed care among council funded non-residential service users by age and client group, England 2017/18	172
Table 3.2	SWOT analysis of the Adult Specialist Care market, from the provider perspective	175
Table 3.3	Local authority commissioners' views on supported living and residential care for working age adults with high social care needs.	178
Table 4.1	Market shares of leading providers of Adult Specialist Care services, UK 2018/19, £ million	184
Table 4.2	Market concentration (share controlled by the four largest providers) in different segments of the UK independent health and social care services sector	185
Table 4.3	Numbers of service users supported by leading providers of Adult Specialist Care, and revenue per service user, 2018/19	186
Table 4.4	League table of independent sector (for-profit and not-for-profit) groups by adult specialist bed capacity, all Adult Specialist Care (18–64) client types, groups with 150+ Adult Specialist Care home beds, UK January 2020	188
Table 4.5	League table of independent sector (for-profit and not-for-profit) care home groups by bed capacity, primary client type learning disabilities, groups with 150+ beds, UK January 2020	190
Table 4.6	League table of independent sector (for-profit and not-for-profit) care home groups by bed capacity, primary client type: mental health needs ¹ , groups with 100+ beds, UK January 2020	192
Table 4.7	League table of independent sector (for-profit and not-for-profit) care home groups by bed capacity, primary client type: physical disabilities and sensory impairments, groups with 100+ beds, UK December 2018	193
Table 4.8	League table of independent sector (for-profit and not-for-profit) care home/hospital groups by combined hospital and care home bed capacity, primary client type: acquired brain injury, groups with 50+ beds, UK January 2020	194
Table 4.9	League table of independent sector (for-profit and not-for-profit) care home groups by bed capacity, primary client type: substance misuse, groups with 20+ beds, UK December 2020	196
Table 4.10	League table of independent sector (for-profit and not-for-profit) providers of mental health hospital and Adult Specialist Care home ¹ bed capacity, UK February 2020	197
Table 4.11	Share of capacity in each size band, independent (for-profit and not-for-profit) sector Adult Specialist Care homes by client type, UK 2020	204
Table 4.12	New build status of independent (for-profit and not-for-profit) sector Adult Specialist Care homes by client type, UK homes open at January 2020	207

Table 5.1	Private equity holdings of Adult Specialist Care companies, UK June 2020	215
Table 5.2	Health and care service transactions since the global credit crisis which are either markers of exit value for the health and care sector in general or for the specialist care sector specifically	216

LIST OF FIGURES

Figure 1.1	Illustration of broad market segments and client groups covered by this report	22
Figure 1.2	Value of Adult Specialist Care market (18–64) by client type, England 2018/19	32
Figure 1.3	Value of Adult Specialist Care (18–64) market by support setting, all adult specialist care client groups ¹ England 2018/19	35
Figure 1.4	Share of Adult Specialist Care spending absorbed by residential settings by client type England 2007/08–2018/19	36
