

## TABLE OF CONTENTS

LIST OF TABLES	xv
LIST OF FIGURES	xix
EXECUTIVE SUMMARY AND HIGHLIGHTS	1
<b>1. MARKET</b>	<b>13</b>
1.1 Definition, scope and data sources	13
1.1.1 Definition and scope	13
1.1.2 Data sources	15
1.2 Impact of Covid-19 on operators	16
1.2.1 Financial impact	16
1.2.2 Other impacts of Covid-19	16
1.3 Market size	17
1.3.1 Care in residential settings	17
1.3.2 Service users	19
1.4 Market segmentation (market value, settings and service users)	20
1.4.1 Segmentation by primary client type	21
1.4.1.1 Overlapping client types	21
1.4.1.2 Limited data on further segmentation into client sub-groups	22
1.4.1.3 Segmentation by support setting	22
1.4.1.4 Balance between residential and non-residential settings	25
1.4.2 Segmentation by primary client type – learning disabilities	25
1.4.2.1 Care in residential settings – learning disabilities	25
1.4.2.2 Balance between residential and non-residential settings – learning disabilities	27
1.4.2.3 Service users – learning disabilities	27
1.4.3 Segmentation by primary client type – mental health needs	29
1.4.3.1 Care in residential settings – mental health needs	30
1.4.3.2 Care in residential settings – mental health needs	32
1.4.3.3 Service users – mental health needs	32
1.4.4 Segmentation by client type – physical disabilities and sensory impairments	33
1.4.4.1 Care in residential settings – physical disabilities and sensory impairments	33
1.4.4.2 Balance between residential and non-residential settings – physical disabilities	35

---

1.4.4.3	Service users – physical disabilities and sensory impairments	35
1.4.5	Segmentation by client type – memory and cognition needs	35
1.4.6	Segmentation by client type – Acquired brain injury (ABI) aka neuro-rehabilitation	36
1.4.7	Segmentation by client type – substance misuse	37
1.5	Funding profile – by payor type	39
1.5.1	Commissioner or consumer driven market?	41
1.5.2	Reasons for low level of private pay, and exceptions	41
1.5.3	Trends over time	42
1.6	Customer profiles	42
1.6.1	Demographic profile	42
1.6.2	Non-commodity like	42
1.6.3	Provider polarisation	42
1.6.4	Longevity and stickiness	42
1.7	Growth	43
1.7.1	Market value growth (historic)	43
1.7.1.1	Recent growth trends - by market segment	46
1.7.1.2	Recent growth trends – by provider sector	47
1.7.2	Market volume growth (historic)	47
1.7.2.1	Residential settings	47
1.7.2.2	Residential care vs. supported living – recent trends	48
1.7.2.3	Non-residential settings	49
1.7.3	Prospects for future growth	51
1.7.3.1	Public spending constraints	51
1.7.3.2	Non-residential care	53
1.8	Demand drivers	53
1.8.1	Demography	54
1.8.2	Public attitudes	54
1.8.3	Consumer choice	55
1.8.4	Public funding	55
1.8.5	Outsourcing by statutory agencies	55
1.8.6	Supported living demand drivers	56
1.9	Demand and supply	56
1.9.1	Demand for adult specialist care in residential settings – historical perspective	56

1.9.1.1	Occupancy rates in adult specialist care homes	58
1.10	Further segmental information by broad client type	59
1.10.1	Learning disabilities	59
1.10.1.1	Underlying demand for learning disability services	59
1.10.1.2	Autism spectrum disorders	61
1.10.1.3	Future projections of change in underlying demand for learning disability services	62
1.10.1.4	Market value trends – learning disabilities	62
1.10.1.5	Market value trends by funding source – learning disabilities	63
1.10.1.6	Market value trends by provider sector – learning disabilities	63
1.10.1.7	Market volume trends – learning disabilities	67
1.10.1.8	Prospects for future growth – learning disabilities	68
1.10.2	Mental health needs	72
1.10.2.1	Underlying demand	72
1.10.2.2	Future projections of change in underlying demand	73
1.10.2.3	Market value trends – mental health needs	73
1.10.2.4	Market value trends by funding source – mental health needs	74
1.10.2.5	Market value trends by provider sector – mental health needs	75
1.10.2.6	Market volume trends – mental health needs	77
1.10.2.7	Prospects for future growth – mental health needs	80
1.10.3	Physical disabilities and sensory impairments	80
1.10.3.1	Underlying demand	80
1.10.3.2	Future projections of change in underlying demand	80
1.10.3.3	Market value trends – physical disabilities and sensory impairments	81
1.10.3.4	Market value trends by funding source – physical disabilities and sensory impairments	81
1.10.3.5	Market value trends by provider sector – physical disabilities and sensory impairments	82
1.10.3.6	Market volume trends – physical disabilities and sensory impairments	83
1.10.3.7	Prospects for future growth – physical disabilities and sensory impairments	85
1.10.4	Acquired Brain Injury	86

---

1.10.4.1	Causes of ABI and underlying demand	87
1.10.4.2	Patient pathway	87
1.10.4.3	Occupancy rates – acquired brain injury	88
1.10.4.4	Market value trends – acquired brain injury	88
1.10.4.5	Market volume trends – acquired brain injury	89
1.10.4.6	Sources of funding – acquired brain injury	91
1.10.5	Substance misuse	91
1.10.5.1	Underlying demand for substance misuse services	92
1.10.5.2	Market value trends – substance misuse	94
1.10.5.3	Market volume trends – substance misuse	96
1.11	Key operational metrics	97
1.11.1	Prices	97
1.11.1.1	Care home fees	97
1.11.1.2	Supported living fees	100
1.11.1.3	Cost differentials between outsourced and local authority in-house services	101
1.11.2	Occupancy rates	102
1.11.3	Payroll	102
1.12	Operating models	102
1.12.1	Care homes	103
1.12.2	Supported living and homecare	105
1.12.2.1	Supported living in clustered settings and synergies with care homes	107
1.12.2.2	Risk of exposure to rental voids	108
1.12.2.3	Supported accommodation business model	109
1.13	Investment models	110
1.14	Performance measures	111
1.14.1	Financial	111
1.14.1.1	Adult specialist care homes	111
1.14.1.2	Supported living	112
1.14.2	Quality performance	113
1.14.2.1	CQC ratings	113
1.14.2.2	Incentives to perform well on CQC Fundamental Standards	114
1.14.2.3	Does size matter?	115
1.15	Supported accommodation – a parallel market	117

1.15.1	Market size	117
1.15.2	Market growth	118
1.15.3	Appetite for investment in supported accommodation	119
1.15.3.1	Civitas Social Housing plc	121
1.15.3.2	Triple Point Social Housing REIT	121
1.15.3.3	Other investors in supported housing freeholds	122
1.15.3.4	Housing associations/RSLs acting as counterparties to supported housing REITS	123
<b>2.</b>	<b>POLITICS AND REGULATION</b>	<b>125</b>
2.1	Impact of government policy on the adult specialist care sector	125
2.2	Funding of publicly paid services	126
2.2.1	General economic management	126
2.2.1.1	Immigration policy, Brexit and the social care staffing crisis	126
2.2.2	Funding of social care	126
2.2.2.1	A decade of austerity – not over yet	126
2.2.2.2	Social care charging reforms	130
2.2.2.3	People at the Heart of Care – the adult social care reform white paper	131
2.2.2.4	Expansion of supported housing and supported living – an exception to austerity	131
2.2.3	Other government policies – high degree of cross-party consensus on non-funding issues	133
2.2.3.1	Personalisation and self-directed care, Direct Payments and Personal Budgets	134
2.2.3.2	Integration of health and social care - The Health and Care Act 2022	134
2.2.3.3	Removal of legal barriers to health and social care integration in 1999	135
2.2.3.4	Integration of health and social care in Scotland	136
2.3	Regulation of adult social care provision	137
2.3.1	Underpinning legislation in England – Health and Social Care Act 2008	137
2.3.2	Fundamental Standards in England	137
2.3.3	Scotland, Wales and Northern Ireland	138
2.3.4	Scope of regulation – services covered not covered	139
2.3.4.1	In England	139
2.3.4.2	In Scotland and Wales	140

2.3.5	History of last two decades – deregulation accompanied by tougher enforcement	140
2.3.5.1	Replacement of National Minimum Standards with less prescriptive Essential Standards	140
2.3.5.2	Fundamental Standards of Quality and Safety 2014–	141
2.3.5.3	Risks to providers from breaches of regulations and Fundamental Standards	141
2.3.5.4	Stronger enforcement powers	141
2.3.5.5	CQC market oversight regime – to ensure financial stability of hard to replace providers	142
2.3.5.6	CQC’s next phase of regulation consultation	143
2.3.5.7	CQC’s new strategy for regulation – 2021	144
2.3.5.8	Providers’ views of regulation	144
2.3.6	Scotland – rejection of simple rating system	145
2.3.7	Regulatory distinction between care homes and supported living	145
2.3.8	CQC’s six bed maximum guidance for homes for learning disabled people	146
2.3.9	Market shaping – councils’ duty to promote diversity and quality and to ensure market sustainability	146
2.4	Regulations affecting payroll	146
2.4.1	National Living Wage (NLW)	147
2.4.2	Stakeholder pensions	149
2.4.3	Apprenticeship levy	150
2.4.4	VAT staff hire concession	150
2.4.5	Sleep-in pay	150
2.4.6	Employers National Insurance Levy of 1.5% from April 2022	152
<b>3.</b>	<b>PAYORS</b>	<b>153</b>
3.1	Local authorities	153
3.1.1	Local authority funding environment	153
3.1.1.1	Current social care funding situation and outlook for 2023/24	156
3.1.1.2	Expansion of supported housing – an exception to austerity	156
3.1.2	Local authority market environment	156
3.1.2.1	Commissioning is viewed by providers as sub-scale, understaffed and excessively focused on price	156
3.1.2.2	Reliance on ‘care calculator’ tools	157
3.1.2.3	Balance of market power between commissioners and providers	159
3.1.2.4	Personalisation and self-directed care	162

3.1.2.5	SWOT analysis	166
3.1.3	Supported living – threats and opportunities for adult specialist care providers	166
3.1.3.1	Definition of supported living	166
3.2.3.2	Balance of services between residential and non-residential settings	166
3.1.3.3	Commissioners’ more ‘nuanced’ views on the merits of supported living	169
3.1.3.4	Variability of provision across the country	170
3.1.3.5	Relative cost of care homes and supported living	171
3.2	NHS	173
3.2.1	NHS funding environment	173
3.3	Private funding	174
<b>4.</b>	<b>WORKFORCE</b>	<b>175</b>
4.1	Recruitment and retention – workforce statistics	175
4.2	Will labour availability constrain future expansion of supply	179
<b>5.</b>	<b>MARKET STRUCTURE</b>	<b>181</b>
5.1	Market concentration and leading providers’ shares	181
5.1.1	All adult specialist care (residential and non-residential services combined)	181
5.1.2	Adult specialist care in residential settings	183
5.1.2.1	Learning disability care homes – market concentration and leading providers	191
5.1.2.2	Mental health care homes - market concentration and leading providers’ shares	191
5.1.2.3	Physical disabilities and sensory impairments care homes - market concentration and leading providers’ shares	193
5.1.2.4	Acquired brain injury (neuro-rehabilitation) – market concentration and leading providers’ shares	194
5.1.2.5	Substance misuse - market concentration and leading providers’ shares	196
5.1.2.6	Market concentration and leading providers’ shares – care homes and hospital units combined	199
5.2	Consolidation	199
5.3	Market structure by provider sector – for-profit/not-for-profit supply	202
5.4	Capacity turnover – openings and closures	202
5.5	Profile of adult specialist care homes	204
5.5.1	Scale of care homes	204

---

5.5.2	Age distribution of adult specialist care home stock	206
5.5.3	Purpose-built and conversions/adaptations	207
5.6	Entries and exits	208
5.6.1	Company level entries and exits	208
5.6.2	At service level	209
5.6.3	Business failures and recapitalisations	209
	5.6.3.1 Business failures among small housing association counterparties to major supported housing investors	210
5.7	Economies of scale and scope	211
5.7.1	At individual service level	211
5.7.2	At group/portfolio level	211
5.7.3	Brands	212
5.7.4	Absence of intermediation	212
5.8	Barriers to entry	212
5.9	Sources of capital	212
5.9.1	Sources of capital for care homes	212
	5.9.1.1 Traditional bank debt funding, to supplement business owners' equity	213
	5.9.1.2 Private equity	213
	5.9.1.3 Sales and leaseback	213
	5.9.1.4 High yield bond issues	213
	5.9.1.5 Stock exchange listing, giving access to public funds	214
	5.9.1.6 Islamic funding	214
5.9.2	Capital for supported accommodation	214
5.10	Developers	214
<b>6.</b>	<b>INVESTORS</b>	<b>217</b>
6.1	Private equity	217
6.1	Other financial institutions	219
6.2	Enterprise values and exit multiples	219
<b>7.</b>	<b>MARKET POTENTIAL</b>	<b>227</b>
7.1	Strong fundamentals	227
7.2	Recognition of adult specialist care as an investment opportunity	227
7.3	Contiguous market segments	228
7.4	Digital technologies	229

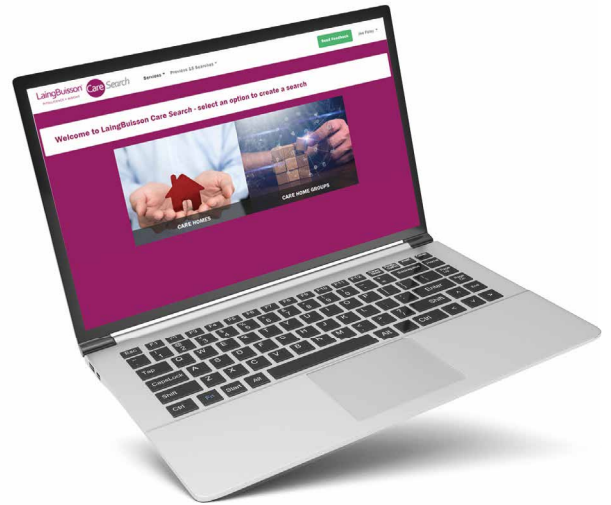

7.5	Artificial intelligence and robotisation	230
7.6	Absence of any transnational dimension	231

## LIST OF TABLES

Table ES1	Estimated number of younger adult (aged 18 to 64-years-old) recipients of long-term care, England, March 2022	4
Table 1.1	Adult specialist care – Market by support setting and provider sector, all younger adult client types, England, 2021/22 and UK projection	18
Table 1.2	Adult specialist care – Volume and annualised value of services in residential settings, all younger adult client types, England (by provider sector) and UK (summary), 2021/22	19
Table 1.3	All younger adult client groups – Illustrative calculation of number of recipients of publicly funded long-term social care support and expenditure per recipient, all provider sectors, England, 2021/22	20
Table 1.4	Learning disabilities – Market size by service type and provider sector (18 to 64-years-olds), England 2021/2022 and UK projection	27
Table 1.5	Learning disabilities – Volume and annualised value of social care services in residential settings, (18 to 64-years-olds), by provider sector, England, 2021/22 and UK projection	28
Table 1.6	Learning disabilities – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-old), all provider sectors, England, 2021/22	28
Table 1.7	Mental health needs – Market size by service type and provider sector, England, 2021/22 and UK projection	30
Table 1.8	Mental health needs – Volume and annualised value of social care services in residential settings (18 to 64-years-olds), by provider sector, England, 2021/22 and UK projection	31
Table 1.9	Mental health needs – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-olds). England, 2021/22	32
Table 1.10	Physical disabilities and sensory impairments (excluding brain injury rehab) – adult specialist care market size by service type and provider sector (18 to 64-years-olds), England 2021/22 and UK projection	33
Table 1.11	Physical disabilities and sensory impairments (excluding brain injury) – Volume and annualised value of services in care homes, England (by provider sector) and UK (summary) at 31 March 2022	34
Table 1.12	Physical disabilities and sensory impairments excluding brain injury) – Illustrative calculation of number of recipients of long-term social care support and expenditure per recipient (18 to 64-years-olds), England, 2021/22	36
Table 1.13	Memory and cognition needs – Social care market size by service type and provider sector (18 to 64-years-olds), England, 2021/22 and UK projection	37

Table 1.14	Acquired brain injury – Volume and annualised value of social care services in residential settings (18 to 64-years-olds), plus UK value of neuro-rehabilitation in the NHS and independent sector by provider sector, England, 2021/22 and UK projection	38
Table 1.15	Substance misuse – Market size by service type and provider sector, England, 2021/22 and UK projection	39
Table 1.16	All adult specialist care client groups – Addressable market value by service line for adult specialist care services (all provider sectors and all funding sources), England, 2014/15–2021/22	45
Table 1.17	All adult specialist care clients – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2022	52
Table 1.18	Learning disabilities – Segmental analysis of addressable market value by service line for social care of adults (18 to 64-years-old), all provider sectors and all funding sources), England 2014/15–2021/22	65
Table 1.19	Learning disabilities – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2022	70
Table 1.20	Mental health needs – Segmental analysis of addressable market value by service line for social care of adults (18 to 64-year-olds), all provider sectors and all funding sources, England, 2014/15–2020/22	75
Table 1.21	Mental health needs – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2022	79
Table 1.22	Physical disabilities and sensory impairments – Segmental analysis of addressable market value by service line for social care of adults (18 to 64-years-old) (all provider sectors and all funding sources), England, 2014/15–2021/22	82
Table 1.23	Physical disabilities and sensory impairments – Service users in residential settings (occupied beds), all provider sectors and all funding sources, England, 1990–2022	86
Table 1.24	Key operating statistics (capacity, occupancy, and prices) for leading adult specialist care providers: Voyage and CareTech	98
Table 1.25	Selected unit cost differentials: outsourced versus local authority in-house provision of social care services, gross of SSMSS council overheads, England, 2021/22	101
Table 1.26	Payroll costs as a percentage of revenue, major adult specialist care home groups in the UK, accounting periods ending 2021–22	103
Table 1.27	Summary of CQC Fundamental Standards overall ratings by provider type for adult specialist care homes, primary client type: learning disabilities, mental health (including eating disorders), physical disabilities, brain injury rehabilitation and substance misuse, England, snapshot at March 2023	114
Table 1.28	Adult specialist care home providers – League table, listed in order of share of homes rated Good or Outstanding, England, March 2023 (Groups with >15 homes and >250 beds)	116

Table 1.29	Projected units of supported housing by client group, England, 2015–2030 (Base case, in thousand units)	120
Table 1.30	Specialist, London Stock Exchange listed supported housing REITS, key statistics, 2017–2023	122
Table 2.1	National Minimum Wage and National Living Wage rates, 1999–2022 and projections to 2024	147
Table 2.2	Minimum employers stakeholder pension contributions	150
Table 3.1	Sources of funding of adult specialist care services, England, 2021/22	153
Table 3.2	Sources of funding for English local authorities, core spending power, 2015/16–2023/24	154
Table 3.3	Penetration of self-directed care among council funded non-residential service users by age and client group, England, 2021/22	163
Table 3.4	SWOT analysis of the adult specialist care market, from the provider perspective	167
Table 3.5	Local authority commissioners' views on supported living and residential care for working age adults with high social care needs	170
Table 4.1	Staff turnover rates in independent sector domiciliary and residential care, England, 2021/22	176
Table 4.2	Macro-factors likely to relieve staff vacancy rates and other workforce pressures faced by social care providers during 2023	177
Table 5.1	Adult specialist care – Market shares of leading providers, UK, c.2021/22	182
Table 5.2	Market concentration (share controlled by the four largest providers) in different segments of the UK independent health and social care services sector	183
Table 5.3	Adult specialist care – Numbers of service users supported by leading providers of Adult Specialist Care (younger adult care homes + supported living) , and revenue per service user, 2021/22	184
Table 5.4	Adult specialist care – League table of leading 20 independent sector (for-profit and not-for-profit) groups by adult specialist bed capacity, <sup>1</sup> all 18 to 64-year-old client types, UK, March 2023	185
Table 5.5	Regional league tables of leading ten independent sector (for-profit and not-for-profit) groups by adult specialist bed capacity, <sup>1</sup> all 18 to 64-year-old client types, UK March 2023	186
Table 5.6	Learning disabilities – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, March 2023	192
Table 5.7	Mental health – League table of leading 17 independent sector (for-profit and not-for-profit) care home groups by bed capacity, groups with 100+ beds, UK March 2023	193
Table 5.8	Physical disabilities and sensory impairments– League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, March 2023	194

Table 5.9	Acquired brain injury – League table of leading 20 independent sector (for-profit and not-for-profit) care home groups by bed capacity, UK, March 2023	195
Table 5.10	Substance misuse – League table of leading 20 independent sector (for-profit and not-for-profit) groups by bed capacity, UK, March 2023	196
Table 5.11	Mental health hospital and adult specialist care homes – League table of leading 50 independent sector (for-profit and not-for-profit) providers of bed capacity, UK, March 2023	197
Table 5.12	Adult specialist care - Share of capacity in each size band, independent (for-profit and not-for-profit) care homes by client type, UK, March 2023	205
Table 5.13	Purpose-built status of independent (for-profit and not-for-profit) adult specialist care homes by client type, UK March 2023	208
Table 6.1	Private equity holdings of adult specialist care companies, UK, March 2023	218
Table 6.2	Significant transactions in the adult specialist care space since the global credit crisis	220

## LIST OF FIGURES

Figure ES1	Adult specialist care – value of the market by client type, UK, 2021/22	3
Figure ES2	Adult specialist care – sources of funding by value, England, 2021/22	4
Figure ES3	Projected volume of demand for care for adults aged 18 to 64-years-old, number of service users, England, 2018–2038	5
Figure ES4	Estimated service users in residential settings (occupied beds) and supported living settings, England, 2015–2022	6
